

# OPERATION INSTRUCTIONS Bacon 123

This console is equipped with a PC computer and Doc Cam connected to digital video projector. HDMI and VGA laptop connections are available

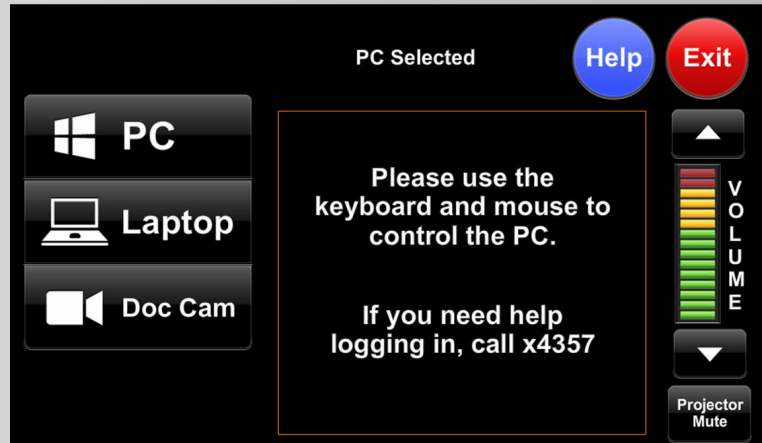

The Crestron **Touch Panel** is utilized for control.  
If the panel has gone to sleep, touch it to resume.  
Press **Power On System** to get started.

Once the projector has warmed up the **PC** Computer will be automatically selected.

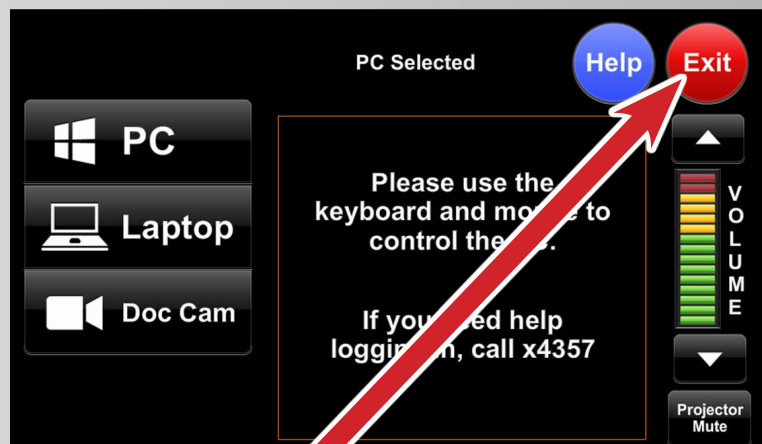

**Laptop** inputs and the **Doc Cam** may also be selected in the left column.

**Laptop display cables** are available in the cubby beside the touch panel.

**Audio Volume** can be adjusted with the control buttons on the right.

**Projector Mute** can be used to temporarily hide your presentation.

**When finished with your presentation**  
**Please Press Exit to power off system**
