

OPERATION INSTRUCTIONS Tech 258 2020

This console is equipped with a PC and an iMac computer, each connected to digital video projectors and Smart Boards. A Document Camera, and laptop connections are also available.

The Crestron **Touch Panel** is utilized for control.

If the panel has gone to sleep, touch it to resume.

Press **Power On Room** to get started.

Once the projectors have warmed up each Computer will be displayed automatically.

The Doc Camera and Laptop inputs may also be selected in the left column.

Laptop display cables are available in the cubby behind the iMac.

Audio Volume can be adjusted with the control buttons on the right.

Projector Mute can be used to temporarily hide your presentation.

**When finished with your presentation
Please Press Shut Down Room**
